

## Wine Bar coming to Downtown Edmond

16 South Broadway will be welcoming Vin Dolce – The Wine Bar in November, 2011. This, in addition to several new shops and eateries, is a prime example of the growth that downtown Edmond has been experiencing in 2011.

Melanie Chesser Jacob, owner of Vin Dolce, says she couldn't be more excited to be in downtown Edmond: "I have always been a fan of Downtown Edmond! I think it has great potential to be a popular gathering place." Sam Vinall, leasing agent for Wiggin Properties, says that is exactly why

Chesser was an excellent fit for the 3,250 SF space that sits along main street. "Downtown Edmond is on the edge of what could be a great renaissance period. Businesses that encourage people to get together, like Melanie's, feed off each other and create a downtown that acts as a destination, rather than just a collection of singular restaurants or shops. Eventually, the hope is that customers can spend an entire evening in downtown Edmond, and have every need met; whether that is fine wine, quality entertainment or a hearty dinner."

Vin Dolce will feature tapas-style dining, as well as wine, beer, and homemade desserts. "It is our mission to select wines of unique character and quality from some of the best vineyards available," promises Jacob, owner of the up-and-coming wine bar.
