

Petroleum Company Moving to Downtown Edmond

Cleary Petroleum has leased 6,726 square feet of office space in Citizens Business Center at the corner of Main Street and Broadway in Downtown Edmond. Cleary Petroleum began the process of moving from their current location at 3817 NW Expressway earlier this week.

“Downtown Edmond is in an impressive stage of growth,” Don Faulkner, the Wiggin Properties representative that handled the transaction on behalf of the landlord, Citizens Bank of Edmond. “Any new or vacant space along Broadway and Main

Street is leasing quickly. The benefits of Downtown Edmond are different from those associated with Oklahoma City, but businesses have started realizing that Downtown Edmond is a prime location”. There are 1,300 square feet remaining for lease in the Citizens Business Center. For additional information, please contact Don Faulkner at Wiggin Properties, 842-0100.
