

## Hibdon Tires moves to Automobile Alley

Hibdon Tires, a subsidiary of Bridgestone/ Firestone, is opening their regional office in what was, in the 1920s, the most popular retail district for car dealerships in Oklahoma City. Hibdon's move is just the latest in an over-all wave of leasing occurring in Automobile Alley.

Hibdon has leased 7,715 square feet at 725 N Broadway Avenue, just off 7th and Broadway. "This location was attractive for their regional office because of the easy access to the major highways. Additionally, the amount of

improvements and excitement going on in the area was a big factor in securing their decision" said Sam Vinall, the Wiggin Properties leasing agent "The fact that they are an auto service company locating in Automobile Alley was also a fun bonus". Vinall went on to add that leasing activity in Automobile Alley is on the rise, attributing the change to the overall realization that Automobile Alley is truly being restored to the glory of its youth.

For additional information regarding leasing in Automobile Alley, contact Wiggin Properties at 842-0100.
