

Deborah Whitacre

Deborah Whitacre has managed the day-to-day operations of Wiggin Properties' New Markets Redevelopment (NMR) division since it received its first allocation in 2005. She is responsible for the oversight of NMR's investment portfolio, facilitating and monitoring construction progress, financial allocations and overseeing the management and implementation of tax credit compliance and impact tracking reports.

Prior to concentrating in the New Markets Tax Credit field, Debbie excelled in the related field of property management. She served as head of Wiggin Properties' Property Management division where she was responsible for the design and construction of tenant spaces in office, medical, retail and multifamily properties. She also served as Project Manager for Wiggin Properties' Development divisions' redevelopment of the 707 N. Robinson building, a 194,000 square foot, 10 story headquarters and laboratory for the Oklahoma Department of Environmental Quality.
